I. PURPOSE

The purpose of this policy is to impart to students, employees and the community the school's policy related to the student activity program.

II. GENERAL STATEMENT OF POLICY

School activities provide additional opportunities for students to pursue special interests that contribute to their physical, mental and emotional well-being. They are of secondary importance in relationship to the formal instructional program; however, they complement the instructional program in providing students with additional opportunities for growth and development.

- B. The school board expects all spectators at school sponsored activities, including parents, employees, and other members of the public, to behave in an appropriate manner at those activities. Students and employees may be subject to discipline and parents and other spectators may be subject to sanctions for engaging in misbehavior or inappropriate, illegal or unsportsmanlike behavior at these activities or events.
- C. It shall be the responsibility of the School Director or designee to disseminate information needed to inform students, parents, staff and the community of the opportunities available within the school activity program and the rules of participation.
- D. Those students who participate in Minnesota State High School League (MSHSL), and other leagues, must also abide by the leagues' rules. It shall be the responsibility of those employees who conduct activities to familiarize students and parents with all applicable rules, penalties, and opportunities.
- E. The School Director or designee shall be responsible for conducting an annual evaluation of school activity programs and presenting the results and any recommendations to the school board.
