DaVinci Academy of Arts and Science will awaken a passion for learning through an enriched and individualized approach to education. Students, parents and teachers will work together to ensure positive character development and build a strong foundation for higher education.

## 4. Agenda:

15-30 minutes

*4.1 What do teachers and students need to be trained on in the future (spread sheet)  
How we will roll it out and who will teach it*

- Ask middle school who would use it, check in with science, music, art and spanish about smartboard
- Ask classroom teachers who would use it
- Michelle will create a survey to send out to teachers to ask how they would use it next year

*4.2 Design curriculum around technology*

- Create standards for each grade to accomplish, in the future we need to hire a technology person? We don't want to expect teachers to teach other standard, and we want it to be universal across the board.
- Terry will bring examples from others school so we can start creating our own

*4.3 Clocks in new building*

- Scott is working with Tierney to cohesively integrate new clock with our Front Row PA system. He is working on this as we get closer to doing the wiring in the new building.

*4.4 Students bring their own devices? Permission slip from parents?*

- Yes, its ok for students to bring their own device
- Michelle will submit her policy proposal to the Policy committee and create a permission slip for students to sign.

#### 4.5 Open discussion

##### *Agenda items for the year*

*Next meeting create a spreadsheet of what technology training teachers need*

*Following meeting start to design technology curriculum for students, get familiar with technology standards when they are finalized. Look at clocks that all match and can be changed at the same time.*
