

2019-20 Combined World's Best Workforce (WBWF) Summary and Achievement and Integration (A&I) Progress Report

Report Instructions and Information

Tips when completing the report:

All questions in one section must be answered before the survey will advance to the next section. You must advance to the end of the form to save your answers.

Districts/charters may wish to enter short text as a placeholder to advance in the form and return at a later time to answer the question.

When asked for results from 2019-20, please provide the relevant data when possible. Options are available to indicate where disruptions from COVID-19 have made collecting the data impossible.

When you have reached the end of the form, you will be able to submit your completed/in progress summary report and receive a specific link. Each district/charter will have their own unique link to access their answers at a later time. Via that specific link, you can update/edit your responses until December 15, 2020. Save your specific survey link for easy access to your district/charter's summary report.

Contact Venessa Moe at Venessa.Moe@state.mn.us if you need a copy of your specific survey link.

If you would like a Word copy of the summary report questions, you can access the document [here](#).

Annual Report

MDE understands this past school year (2019-2020) ended under unique circumstances due to the COVID-19 pandemic. Therefore, we are providing reporting options that reflect this disruption in your ability to appropriately report annual progress.

WBWF Requirement: For each school year, the school board must publish a report in the local newspaper, by mail or by electronic means on the district website.

A&I Requirement: Districts must post a copy of their A&I plan, a preliminary analysis on goal progress, and related data on student achievement on their website 30 days prior to the annual public meeting.

Provide the link to the district's WBWF annual report and A&I materials.

Provide the direct website link to the district's WBWF annual report. If a link is not available, describe how the district disseminates the report to stakeholders.

<https://davincicharterschool.org/wp-content/uploads/delightful-downloads/2020/01/2019-2020-Worlds-Best-Workforce-Report.pdf>

Provide the direct website link to the A&I materials.

Annual Public Meeting

These annual public meetings were to be held in the fall of each school year. Report on this measure for the 2019-2020 school year.

WBWF Requirement: School boards are to hold an annual public meeting to communicate plans for the upcoming school year based on a review of goals, outcomes and strategies from the previous year. Stakeholders should be meaningfully involved, and this meeting is to occur separately from a regularly scheduled school board meeting.

A&I Requirement: The public meeting for A&I is to be held at the same time as the WBWF annual public meeting.

Provide the date of the school board annual public meeting to review progress on the WBWF plan and Achievement and Integration plan for the 2019-20 school year.

February 16, 2020

World's Best Workforce

District Advisory Committee

The District Advisory Committee should be in place at the start of the school year. Report on your membership list.

WBWF Requirement: The district advisory committee must reflect the diversity of the district and its school sites. It must include teachers, parents, support staff, students, and other community residents. Parents and other community residents are to comprise at least two-thirds of advisory committee members, when possible. The district advisory committee makes recommendations to the school board.

District Advisory Committee Members

Complete the list of your district advisory committee members for the 2019-20 school year. Ensure roles are clear (teachers, parents, support staff, students, and other community residents).

Equitable Access to Effective and Diverse Teachers

Staffing should be in place by the start of the 2019-20 school year. Report on your equitable access to excellent and diverse educators for the start of the 2019-20 school year.

WBWF Requirement: WBWF requires districts and charters to have a process in place to ensure students from low income families, students of color, and American Indian students are not taught at disproportionate rates by inexperienced, out-of-field, and ineffective teachers. The legislation also requires that districts have strategies to increase access to teachers who reflect the racial and ethnic diversity of students.

While districts/charters may have their own local definitions, please note the definitions developed by Minnesota stakeholders during the Every Student Succeeds Act (ESSA) state plan development process:

An **ineffective teacher** is defined as a teacher who is not meeting professional teaching standards as defined in local teacher development and evaluation (TDE) systems.

An **inexperienced teacher** is defined as a licensed teacher who has taught for three or fewer years.

An **out-of-field teacher** is defined as a licensed teacher who is providing instruction in an area which he or she is not licensed.

The term “equitable access gap” refers to the difference between the rate(s) at which students from low income families, students of color, and American Indian students are taught by inexperienced, out-of-field, or ineffective teachers and the rate at which other students are taught by the same teacher types. This is not to be confused with the “achievement gap” (how groups of students perform academically); rather, “equitable access gap” is about which student groups have privileged or limited access to experienced, in-field, and effective teachers.

Districts/charters are encouraged to monitor the distribution of teachers and identify equitable access gaps between and within schools, but they may also make comparisons to the state averages or to similar schools. It is important to note that some of the most significant equitable access gaps occur at the school and classroom level.

Districts/charters may also use other indicators of “effectiveness” such as teachers receiving stronger evaluations overall, teachers with strengths in particular dimensions of practice (e.g., culturally responsive practices), teachers certified by the National Board for Professional Teaching Standards, or teachers with demonstrated student growth and achievement results.

Describe your process for ensuring students of color, American Indian students and students from low income families have equitable access to experienced, in-field, and effective teachers.

How did the district examine equitable access data? What data did you look at? How frequently do you review the data?

Who was included in conversations to review equitable access data?

(200 word limit)

DaVinci Academy strives to provide an education that is both excellent and equitable to all students, regardless of race or socioeconomic status. In FY20, DaVinci Academy employed 147 full-time employees, including 70 full-time teachers. All teachers hold a Minnesota Teaching license. Of the 70 full-time teachers, 48 have at least four years of teaching experience. All students enrolled at DaVinci Academy have equitable access to excellent teachers in all grades K - 8. DaVinci Academy analyzes data from a school-wide level down to the classroom level to ensure that all students have equal access to quality teachers. As a charter school, all employees are at-will and are evaluated on their performance which is based on a number of measures.

What strategies has the district initiated to improve student equitable access to experienced, in-field, and effective teachers?

What goal(s) do you have to reduce and eventually eliminate equitable access gaps?

(200 word limit)

DaVinci Academy will continue to make every effort to broaden the diversity of the staff to better reflect the diversity in our student body. We are working to develop stronger relationships with teacher training programs and expanding the geographic area in which we post openings for staff. We will continue to increase our recruiting efforts in a wide variety of colleges, universities and staffing agencies.

WBWF Requirement: WBWF requires districts and charters to examine student access to licensed teachers who reflect the racial and ethnic diversity of students. A growing body of research has demonstrated that all students benefit when they are taught by racially and ethnically diverse staff throughout their career, and students of color and indigenous students benefit even more. Consequently, working to increase teacher racial diversity is beneficial to all schools.

Describe your efforts to increase the racial and ethnic diversity of teachers in your district.

Which racial and ethnic student groups are present in your district that are not yet represented in your licensed teacher staff? How many additional teachers of color and American Indian teachers would you need in order to reflect your student population?

(200 word limit)

13% of our students are Black. Six additional Black teachers would increase our licensed staff to 13% staff of color which would be reflective of our Black student population.

2% of our students are Native American. We do have one teacher with who is American Indian so that does reflect our student population. However, we will continue to recruit teachers of color as well as American Indian teachers.

What strategies has the district initiated to increase and retain teachers of color and American Indian teachers in the district? What goal(s) are you pursuing?

(200 word limit)

We have made efforts to recruit through job postings on various education job posting sites to attract teachers of color and American Indian teachers. We have also participated in the Minnesota Teachers of Color Virtual Recruiting Fair.

Local Reporting of Teacher Equitable Access to Effective and Diverse Teachers Data

Districts are required to publicly report data on an annual basis related to student equitable access to teachers, including data on access for low-income students, students of color, and American Indian students to experienced, in-field, and effective teachers and data on all student access to racially and ethnically diverse teachers.

For this 2019-20 WBWF summary report submission, please check the boxes to confirm that your district publicly reported this data.

District/charter publicly reports data on an annual basis related to equitable teacher distribution, including data on access for low-income students, students of color, and American Indian students to effective, experienced, and in-field teachers.

District/charter publicly reports data on an annual basis related to student access to racially and ethnically diverse teachers.

Goals and Results

SMART goals are: specific and strategic, measurable, attainable (yet rigorous), results-based and time-based. Districts may choose to use the data profiles provided by MDE in reporting goals and results or other locally determined measures.

All Students Ready for School

Does your district/charter enroll students in kindergarten?

Yes

Goal

Provide the established SMART goal for the 2019-20 school year.

By the end of the school year 2019 - 20 80% of all Kindergarten students enrolled October 1 will have moved to at least STEP 3 on the STEP Literacy Assessment.

Result

Provide the result for the 2019-20 school year that directly ties back to the established goal. If unable to report a result because of disruptions due to COVID-19, please respond, "Unable to report."

Unable to report. Final test results were from February, not end of the school year

Goal Status

Check one of the following:

Unable to report

Narrative

What data have you used to identify needs for all students in this goal area? How is this data disaggregated by student groups and inclusive of all students?

What strategies are in place to support this goal area?

(Narrative is required. 200 word limit)

The STEP data is uploaded into a table that then gives a great deal of information for each student, including areas in which the student is struggling.

The teachers use this data along with a STEP checklist to determine where students need support. The RTI team also looks at the results and provides support to the students.

Do you have another goal for All Students Ready for School?

No

All Students in Third Grade Achieving Grade-Level Literacy

Does your district/charter enroll students in grade 3?

Yes

Goal

Provide the established SMART goal for the 2019-20 school year.

The average reading proficiency rate for third grade students over the last three years is 67.1%, which is on average 11.5% above the State average. By FY2023, third grade reading scores will be on average 20% above the State average.

Result

Provide the result for the 2019-20 school year that directly ties back to the established goal. If unable to report a result because of disruptions due to COVID-19, please respond, "Unable to report."

Unable to report as no MCAIII data.

Goal Status

Check one of the following:

Unable to report

Narrative

What data have you used to identify needs for all students in this goal area? How is this data disaggregated by student groups and inclusive of all students?

What strategies are in place to support this goal area?

(Narrative is required. 200 word limit)

We use MCA data as well as interim data-driven assessments. We have scheduled data days for staff to analyze the data and to determine plans to review and reteach as necessary.

Do you have another goal for All Students in Third Grade Achieving Grade-Level Literacy?

No

Close the Achievement Gap(s) Between Student Groups

Goal

Provide the established SMART goal for the 2019-20 school year.

The proficiency gap between non FRP and FRP students enrolled October 1 in Grades 3 - 8 using all State Math accountability tests will decrease from 12.6% in 2018-19 to 10% in 2019-20.

Result

Provide the result for the 2019-20 school year that directly ties back to the established goal. If unable to report a result because of disruptions due to COVID-19, please respond, "Unable to report."

Unable to report due to no MCA III.

Goal Status

Check one of the following:

Unable to report

Narrative

What data have you used to identify needs for all students in this goal area? How is this data disaggregated by student groups and inclusive of all students?

What strategies are in place to support this goal area?

(Narrative is required. 200 word limit)

We use MCA data as well as interim data-driven assessments. We have scheduled data days for staff to analyze the data and to determine plans to review and reteach as necessary.

Do you have another goal for Close the Achievement Gap(s) Between Student Groups?

No

All Students Career- and College-Ready by Graduation

Goal

Provide the established SMART goal for the 2019-20 school year.

Each school year, the average RIT score for eighth grade students enrolled from October 1 will surpass the national norm RIT in reading and math.

Result

Provide the result for the 2019-20 school year that directly ties back to the established goal. If unable to report a result because of disruptions due to COVID-19, please respond, "Unable to report."

Unable to report as we were only able to administer one round of the NWEA assessment in the Fall.

Goal Status

Check one of the following:

Unable to report

Narrative

What data have you used to identify needs for all students in this goal area? How is this data disaggregated by student groups and inclusive of all students?

What strategies are in place to support this goal area?

(Narrative is required. 200 word limit)

We use NWEA Map assessments and also use MAP skills which help teachers to see which areas students need more support.

Do you have another goal for All Students Career- and College-Ready by Graduation?

No

All Students Graduate

Does your district/charter enroll students in grade 12?

No

Goal

Provide the established SMART goal for the 2019-20 school year.

Result

Provide the result for the 2019-20 school year that directly ties back to the established goal. If unable to report a result because of disruptions due to COVID-19, please respond, "Unable to report."

Goal Status

Check one of the following:

Narrative

What data have you used to identify needs for all students in this goal area? How is this data disaggregated by student groups and inclusive of all students?

What strategies are in place to support this goal area?

(Narrative is required. 200 word limit)

Thank You!

Thank you for completing the 2019-20 Combined WBWF and A&I Progress Report. Please save the unique link below to add to or edit your application through 11:59 pm on December 15, 2020.
