

REPORT OF BULLYING BEHAVIOR

General Statement of Bullying Prohibition Policy

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. The purpose of this form is to document alleged acts of bullying for school investigation purposes.
