

Silent Dismissal Guide

SETTING UP A NEW ACCOUNT

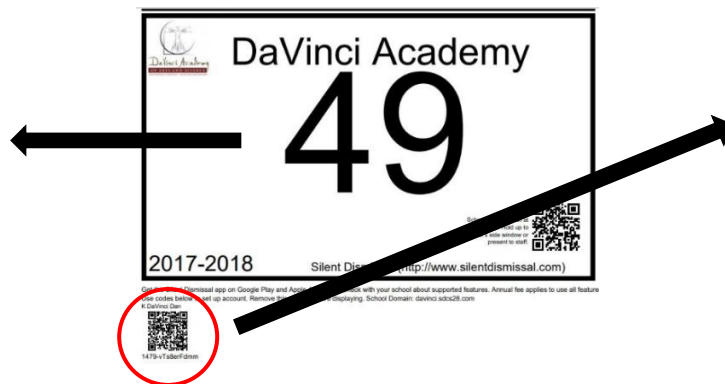

- Silent Dismissal is the online tool that parents use to tell the school how they want their children dismissed at the end of the day. This helps keep your kids safe!
- Using Silent Dismissal is mandatory – that means every family must use the tool to set where their children go at dismissal time.
- If your child does the same thing every day at dismissal time, you only need to set this once, and you do not need to touch it again until you need to make a change.

Set up your Silent Dismissal account for the first time

On a computer, phone or tablet go to www.davinci.sdcs28.com. Click **create parent account**. Add your email address, name and create a password.

The reference number and code can be found on your child's dismissal number paperwork given to you at the start of the year. This information is unique to each student. Once you have added the first student click **create account**. Additional students will be added on the next page.

This is your family dismissal number. This card should be clearly displayed when picking up your child. DaVinci uses this number frequently so please keep it handy.

1479-vTs8erFdmm

The number is your reference
(ex: 1479)

The string of 10 characters is
your code (ex: vTs8erFdmm)

Set up an account for additional children

On the left side of the account profile page click the green plus sign to add additional students using their unique reference number and code.
